Senior Engineer

GexCon US is a leading engineering and consulting firm headquartered in Bergen, Norway with US offices in Bethesda, Maryland and Houston, Texas. GexCon US provides Risk and Safety Studies using the industry-leading CFD software FLACS, as well as Accident Investigation, Failure Analysis and Prevention, R&D and Experimental Testing and software sales and support.

Senior Engineer candidates are being sought for either our Bethesda or Houston office. Major Job responsibilities include:

- Perform hazard and risk analysis
- Investigate fires, explosions and chemical releases in a variety of settings
- Perform accident investigations, traveling to accident sites as required
- Performing equipment failure and reliability analysis
- Develop FLACS modeling expertise to assist GexCon US FLACS consulting business
- Plan and execute experimental test programs
- Perform state of the art analysis
- Write technical reports and present results to clients
- Communication and interaction with clients
- Travel to customer sites or other offices within the US and internationally.
- Support GexCon US marketing and business development efforts

The successful candidate will have the following:

- Degree (M.S. preferred) in Mechanical, Chemical Engineering or other relevant engineering background. Relevant business experience may be considered in lieu of education requirement.
- Minimum of 5 years’ experience as a consultant in HSE, thermal engineer, or fire investigation
- Excellent verbal and written communication skills
- Must be detail-oriented, highly organized, and a self-starter
- Must be able to work under critical time deadlines and to re-evaluate priorities while exercising discretion, diplomacy, and good judgment
- Ability to take ownership of projects and multi-task
- Excellent interpersonal skills, including the ability to maintain effective working relationships
- Ability to interact with consultants and staff at all levels as well as with clients and business contacts

GexCon US offers a comprehensive benefit package including Health/Dental Insurance, Paid Vacation and Sick Leave, Holiday Pay, 401k savings, Disability Insurances and more.
